DETAILED ACTION

1. This action is in response to applicant's response filed on July 03, 2007 and the Applicant initiated telephone interview dated Sep. 10, 2007.

Claims 1-18 are pending in the present application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

This invention relates to a differential signaling transmission circuit. Claim 1 identifies the uniquely distinct feature of the circuit, comprising: a control circuit including a voltage regulator, said voltage regulator being configured to produce a regulated voltage based on a comparison between a reference voltage and an offset voltage, wherein the current control terminal of the current sink is arranged to receive the regulated voltage. As such, claim 1 requires a differential amplifier to produce a regulated voltage as an output voltage based on a comparison between a reference voltage and an offset voltage, wherein the current control terminal of the current sink is arranged to receive the regulated voltage. The examiner interprets the offset voltage of the control circuit disclosed in Fig. 9, as the offset voltage obtained from the junction between the pair of resistances, R2 and R3, by the voltage regulator. The specification supports this

limitation [Figs.9-11; Para: 0034-0040; 0044]. In this context, the applicant's arguments are persuasive. The prior art of record does not teach such circuitry of the control circuit. Therefore, claim 1 is indicated allowable. Claims 2-18 being dependent from claim 1 are also indicated allowable.

New search updates reveal no other prior art which teaches the limitation in the context of the claim.

3. The claims have been re-numbered as follows:

CLAIMS NUMBER (ORIGINAL)	CLAIMS NUMBER (FINAL)
1-18	1-18

Claim no. 1 along with figure number 11 will be published in the Official Gazette.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
